Solo Floor Anchor Fitting

Recommended Installation:

Sure-Lok Solo Floor Anchor Fitting comes with the Anchor Backing Plate, Lock Washer and Nut. Each kit comes with complete installation instructions.

All Solo Floor Anchor installations require the use of the Solo Anchor Installation Tool, sold separately. The tool prevents the floor anchor from rotating during installation. Refer to page 24.

Solo Floor Anchor Slot Position

Recommended Installation:

It is essential that the direction of the slot on each Solo Floor Anchor is positioned facing the vehicle sidewall, as shown above.
